Trader's Challenge:

Traders have a requirement to understand the movement of price independent of time, thus being able to observe market activity, and identifying support and resistance lines.

Trade Navigator's™ Feature:

Trade Navigator's™ Breakout (Range) Bars allows the Trader the ability to easily chart price movement by tick, price change, and be able to see market activity independent of time.

Trade Navigator's™ Benefit:

Trade Navigator's™ Breakout (Range) Bars provides the Trader with a quick visual presentation of price movement and market activity. This point and click charting function is easy to use and improves the Trader's analytical capabilities. A summary of additional benefits include:

1. Saves Trader time and therefore money.
2. Assists in the Trader's trading execution process.
3. Simplifies the Trader's work.

Trade Navigator™ Example:

The following example is ER2-067 on 18 Sep 08 with 25 trades per bar.
