Trader's Challenge:

Traders require a method by which notification can occur when “something”, as specified by the Trader's strategy has occurred.

Trade Navigator's™ Feature:

Trade Navigator™ provides an Alert function allowing the Trader to be notified when the desired event occurs. Alert messages can be displayed or sent in the following ways:

1. Popup Message
2. Logged Message
3. A change of colors on the chart
4. Message to a pager
5. Play sound
6. Place order
7. Send email

Trade Navigator's™ Benefit:

Trade Navigator™ provides the Trader with an easy to use and efficient Alert function which will provide notification when a specific event occurs. A summary of additional benefits include:

1. Saves Trader time and therefore money.
2. Assists in the Trader's trading execution process.
3. Simplifies the Trader's work.
