Trader's Challenge:

Traders have a significant requirement for historical data to test mechanical strategies to ensure that the desired results are achieved.

Trade Navigator's™ Feature:

Trade Navigator™ provides access to \$20K of Historical Data providing the Trader with the capability to test strategies with the entire history of symbol data available. The following data types are provided:

1. End of Day data
2. Intraday data
3. Tick data

Trade Navigator's™ Benefit:

Trade Navigator's™ access to \$20K of Historical Data provides the Trader with a quick and efficient method to test strategies with historical data. A summary of additional benefits include:

1. Saves Trader time and therefore money.
2. Assists in the Trader's trading execution process.
3. Simplifies the Trader's work.

Trade Navigator™™ Example:

This example shows the \$DJIA historical data from 1997 to present. Data is available back to 1920.
