Trader's Challenge:

Traders have a requirement to know where in the price bar the high and the low occurred.

Trade Navigator's™ Feature:

Trade Navigator's™ Precision Tick™ provides the capability to the Trader to know the timing of the high or low in a single tick bar, which significantly improves the accuracy of testing results.

Trade Navigator's™ Benefit:

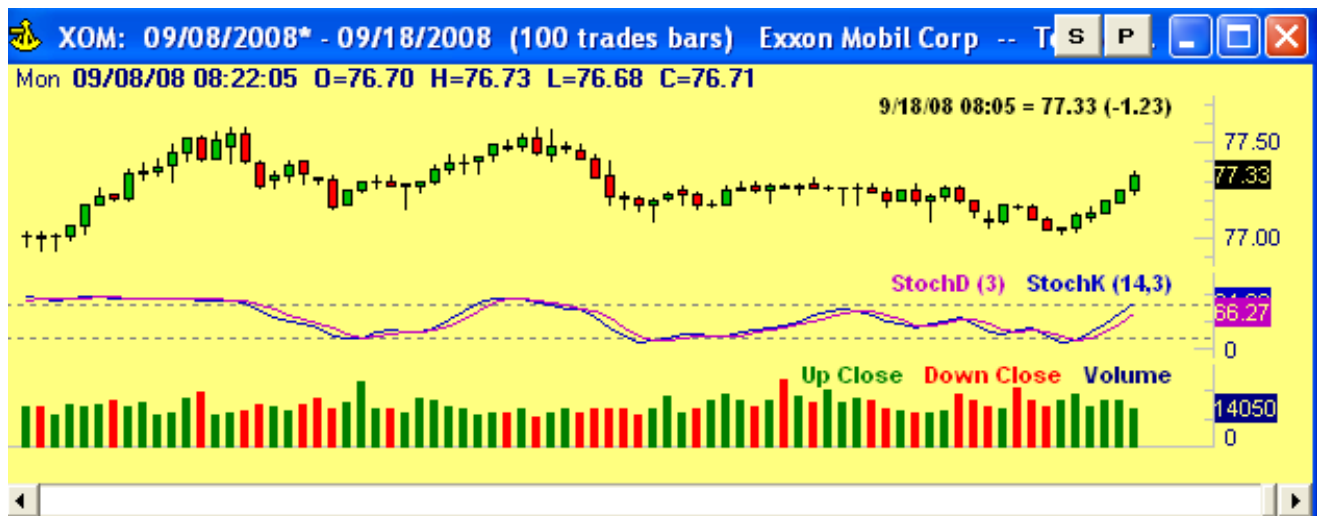

Trade Navigator's™ Precision Tick™ provides the Trader with unprecedented accuracy in performance reports while testing trading strategies. A summary of additional benefits include:

1. Saves Trader time and therefore money.
2. Assists in the Trader's trading execution process.
3. Simplifies the Trader's work.

Trade Navigator™ Example:

The following two examples show Exxon Mobil (XOM) with Precision Tick™ on, with 100 ticks per bar and XOM with Precision Tick™ off, with ten minutes bars.
